Beside Dagiri central mosque Gwagwalada, Abuja
Gwagwalada, Federal Capital Territory

Summary

Since i was a child, I was curious about anything that had to do with the Internet. I always wondered how people we able to make websites. That something that once was just a thought is now a reality. from a simple to-do list to a social media app. Almost anything can be done with technology, and as a developer, i am one of those that can contribute and can create these things that were once just a thought
